

## *Our Mother*

Our Mother was a very special person. Her beautiful smile and booming personality were infectious to those around her.

She would always help those in need, and if she wasn't able to do so, she would find a way to make it happen.

Our Mother continues to help those in need even though she is not here with us. Her precious gift of life will reach out and affect the lives of many people around the world – giving them a better life through Genesis Legacy Whole Body Donation Foundation – a true Legacy of Life.

Our Mother's wish to be cremated will be honored and her remains will be shared with the family. She will always be with us and watch over us.
